Understand your ID card

Keep your ID card with you at all times.

Your ID card has key information about you and your coverage. When you visit your doctor, hospital or other health care provider, remember to show them the card so they know how to bill for the services they're providing you.

Member ID and Group Number

These numbers are useful when registering on myuhc.com or contacting us.

Your prescription coverage

Show your pharmacist when ordering or renewing prescriptions.

Your co-payment amounts (if applicable)

You and your doctor can easily see your co-payment amounts.

Need support and help? We're on it.

We know that managing your health plan benefits and your health isn't always easy. That's why we have a dedicated team to help make things simpler for you.

We can help you:

- Understand your benefits, coverage and treatment options
- Find a new doctor and help schedule an appointment
- Estimate treatment costs ahead of time
- Learn how to better manage your health

2 If you need care

- Prepare for your doctor visit
- Schedule preventive care screenings
- Know where you can get care
- Estimate costs and save money

Prepare for your doctor visit

- **Bring your ID Card** and a form of picture ID, such as a driver's license. Show them when you check in at the doctor's office.
- **Bring a list** of any medications you're taking.
- **Take any records** from previous visits with you.

Always be prepared for your doctor visits

Tear out the wallet card on the back cover of this guide – it contains simple reminders of what to consider before and during a visit.

When you need lab tests

If your doctor orders laboratory (lab) tests, ask them to make sure that a **network lab** is used. Just like using a network doctor, using a network lab will likely save you money.

Finding care when you are traveling

Call the member phone number on your ID card to learn if any restrictions apply, and to find network providers near you.

Schedule your preventive care screenings.

Most UnitedHealthcare plans pay 100% of the cost for preventive care when you see a network provider. Check your official benefit plan coverage documents for details.

Visit uhcpreventivecare.com to find age- and gender-appropriate preventive care recommendations that may be right for you.

Find a network provider

You can often save money when you see a network provider

Our network health care providers, including doctors, specialists and hospitals, charge discounted rates, which typically saves you money. If your plan allows you to receive care outside of your health plan network, seeking care from an out-of-network provider could cost you more money.

For hospital care, talk with your doctor first to determine which hospital can meet your medical or surgical needs. You may be required to notify UnitedHealthcare before your hospital admission.

Be sure to log in to myuhc.com or call us to understand how to find and obtain information about a doctor, understand your coverage details and which services may require approval.

Choose with confidence

The **UnitedHealth Premium**[®] designation program can help you find the care you want. The program evaluates doctors in 27 different medical specialties, using national standards for quality and local benchmarks for cost-efficiency. You can find a UnitedHealth Premium doctor at myuhc.com.

Estimate your health care costs before getting care

On myuhc.com, you can estimate and compare your health care costs for an upcoming treatment or procedure. Your estimate shows out-of-pocket expenses based on your plan and current benefit status.

Access to care online at any time with a virtual visit

When you or a family member doesn't feel well, the last thing you want to do is leave the comfort of home to sit in a waiting room. Now, for certain covered services, you don't have to! A virtual visit lets you see and talk to a doctor from your computer or mobile device without an appointment. And it's part of your health plan benefits.

Access virtual visits

- Log in to myuhc.com to learn more
- Choose from provider sites where you can register and receive care

Know where you can get care

Consider the information in the chart below when you need care. Still not sure where to go? Call us and we can provide information to help you make an informed decision.

	24-Hour Nurse	Doctor's Office	Virtual Visits
When to Go	If you're unsure about the care you need, you can speak with a nurse 24 hours a day.	Your doctor's office is usually the best choice for preventive exams or treatment for a current health issue. Your doctor typically knows you best and has your medical records. Your doctor can also help you manage your medications and refer you to a specialist if you need more care.	May be used for non-emergency health conditions when you want to see and talk to a doctor from your computer or mobile device without an appointment. Great for use when your regular doctor is not available, when you become ill while traveling or when your child is sick.
Type of Care*	<p>Call the number on your ID card. A nurse may be able to:</p> <ul style="list-style-type: none"> • Help manage an illness or injury • Help recognize urgent and emergency symptoms • Locate a doctor or hospital in your area • Help recognize medication interactions 	<ul style="list-style-type: none"> • Routine checkups • Immunizations • Preventive services • General health management 	<ul style="list-style-type: none"> • Allergies • Bladder infection • Bronchitis • Cough/cold • Diarrhea • Fever • Pink eye • Rash • Seasonal flu • Sinus problems • Sore throat • Stomach ache • UTI
Cost and Wait Times**	<ul style="list-style-type: none"> • No additional cost to you • Call 24/7 	<ul style="list-style-type: none"> • Often requires a co-payment and/or co-insurance • Normally requires an appointment • Usually little wait time with scheduled appointment 	<ul style="list-style-type: none"> • Often requires a co-payment and/or co-insurance • Open 24/7 but services are only available in the United States and may not be available in all states

*This is a sample list of services and may not be all-inclusive.

**Cost and time information represent averages only and are not tied to a specific condition, level of coverage or treatment. Your out-of-pocket costs will vary based on plan design.

Check your benefit documents for specific coverage details.

Convenience Care Clinic

You can't get to your doctor's office, but your condition is not urgent or an emergency. Convenience care clinics, often located in malls or retail stores, offer services for minor health conditions. Care is normally provided by nurse practitioners or physician assistants.

- Common infections (e.g., strep throat)
- Minor skin conditions (e.g., poison ivy)
- Flu shots
- Pregnancy tests
- Minor cuts
- Earaches

- Often requires a co-payment and/or co-insurance similar to office visit
- Walk-in patients are welcome with no appointments necessary, but wait times can vary

Urgent Care Center

You may need care quickly, but it is not an emergency, and your regular doctor may not be available. Urgent care centers offer treatment for non-life-threatening injuries or illnesses and are staffed by qualified doctors.

- Sprains
- Strains
- Minor broken bones (e.g., finger)
- Minor infections
- Minor burns

- Often requires a co-payment and/or co-insurance that may be higher than an office visit
- Walk-in patients are welcome, but waiting periods may be longer as patients with more urgent needs will be treated first

Emergency Room (ER)

You need immediate treatment of a very serious or critical condition. The ER is for the treatment of life-threatening or very serious conditions that require immediate medical attention. Do not ignore an emergency.

If a situation seems life-threatening, take action. Call 911 or your local emergency number right away.

- Heavy bleeding
- Large open wounds
- Sudden change in vision
- Chest pain
- Sudden weakness or trouble talking
- Major burns
- Spinal injuries
- Severe head injury
- Difficulty breathing
- Major broken bones

- Often requires a much higher co-payment and/or co-insurance
- Open 24/7, but waiting periods may be longer because patients with life-threatening emergencies will be treated first
- If you are in a true medical emergency, and you go to a network or out-of-network emergency room for care, the same co-payment and co-insurance levels will apply. However, you may incur higher out-of-pocket costs if you go to an out-of-network provider.

Prescription Benefits

Easily fill your medications.

You'll be covered through UnitedHealthcare for a wide variety of medications. Best of all, your health plan is designed to help make it easy for you to get your prescriptions filled and help you save money.

- Access thousands of retail pharmacies
- Save when you use home delivery or a network pharmacy
- Get 24/7 phone support, refill reminders and more.

Take advantage of home delivery.

With Mail Service Member SelectSM from OptumRx[®], you can get your long-term medications delivered to your door at no charge, often for less than they cost at retail. You can cancel home delivery service at any time and fill prescriptions at a retail pharmacy for your standard co-pay or cost. However, canceling this service may increase your medication costs.

UnitedHealthcare and OptumRx are working together to help make your health plan work better. OptumRx strives to make prescription medications more accessible and affordable and focuses on improving your overall health outcomes.

How we cover prescriptions.

The UnitedHealthcare Prescription Drug List (PDL) is the list of prescriptions that are covered by the plan. Choosing medications in the lower tiers may help save you money.

Search our pharmacy network at myuhc.com.

Get more at myuhc.com.

- Refill your home delivery prescriptions.
- Transfer your retail prescriptions to home delivery.
- Find network pharmacies.
- Estimate and compare costs.

3 After you receive care

- Learn how claims are paid
- Understand health statements and more

How claims are paid

When you see a network doctor:

Network doctors will submit your claims for you. The doctor's office may ask you to pay some or all of the bill before you leave. Some network doctors can instantly submit your claim online. UnitedHealthcare will then process the claim to:

- Make sure the claim is an eligible expense under your plan.
- Determine whether the claim was for eligible preventive care, so it can be paid 100 percent.
- Make sure the service is charged at a discounted rate when you see a network doctor.

When you see an out-of-network doctor:

If your plan allows visits to out-of-network providers, you may be asked to pay some or all of the bill before you leave. Also, if the doctor will not submit your claim to UnitedHealthcare directly, you will need to submit a medical claim form for those services. Remember, out-of-network doctors have no contract with UnitedHealthcare and therefore discounted rates will not apply. Using them could cost you more.

Track your claims online

Follow your claims from start to finish, and track payments you've made to your health care providers, all in one place. You can also pay your bills online with the **Make Payment** feature at myuhc.com.

Medical claim form

Our network doctors normally take care of claim forms for you. If you receive care from a doctor who is not in our network and your plan allows out-of-network care, you may need to fill out a medical claim form. Forms and instructions can be found on myuhc.com.

Problem with a claim?

Information about the appeals and grievances process can be found in the **Claims & Accounts** tab on myuhc.com. You can also contact us by calling the toll-free member number on your ID card, TTY 711.

Understand your health statements

We'll send you health statements when you or one of your covered dependents use your health plan. You can see all claims processed for that period, plus your network and out-of-network balance and deductible information.

Our health statements give you a record of your claims that helps provide a more complete view of your health care expenses.

If you receive your health statement online, we'll send you an email whenever a new statement is posted. You can view your information and activity securely online at myuhc.com.

Dry Winter Skin
Winter weather sends many people running inside for warmer temperatures. While warm air may feel good, it may also cause dry skin, chapped lips and nose bleeds. To avoid such problems, follow these tips: drink lots of fluids, shower with warm water instead of hot, moisturize often and use lip balm and nasal spray. A humidifier can also help by adding moisture to the air in your home. If you've tried these tips and symptoms continue or worsen, contact your doctor.

Health and wellness

Sign up for RallySM – a personalized, interactive health experience on myuhc.com.

How Rally Works:

Getting started with Rally

Once you register for Rally, you will choose an avatar to participate in online communities or other activities.

Take your health survey

The health survey will guide you with visual prompts that are clear and easy to follow. Upon completion of the health survey, you will receive your results as a “Rally Age” – a number that provides you with an indicator of how your actual age compares with your health age.

Pick your Missions

In addition to your Rally Age, you will also receive personalized results and recommended missions, or individual action plans, based on your health survey results. Missions provide activities to help improve or maintain your health. Choose missions that may help you look and feel healthier, like getting enough sleep at night or cooking at home.

Earn your rewards

You will earn coins when you check in to Rally and track your progress on your missions. You can use these coins to enter sweepstakes for great prizes. The more you take part in Rally, the more chances you'll have to win!

Health discounts

You can save from 10% - 25% on certain health and wellness services that aren't covered by your medical plan. You can save on:

- Cosmetic dental care, such as teeth whitening
- Laser eye surgery
- Acupuncture, chiropractic care, massage therapy and natural medicine
- Long-term care services, such as assisted living and durable medical equipment
- Infertility treatment
- Hearing devices

Your UnitedHealthcare Bill of Rights

You have the right to:

- Be treated with respect and dignity by UnitedHealthcare personnel, network doctors and other health care professionals.
- Privacy and confidentiality for treatments, tests and procedures you receive. See Notice of Privacy Practices in your benefit plan documents for a description of how UnitedHealthcare protects your personal health information.
- Voice concerns about the service and care you receive.
- Register complaints and appeals concerning your health plan and the care provided to you.
- Receive timely responses to your concerns.
- Candidly discuss with your doctor the appropriate and medically necessary treatment options for your conditions, regardless of cost or benefit coverage.
- Access doctors, health care professionals and other health care facilities.
- Participate in decisions about your care with your doctor and other health care professionals.
- Receive and make recommendations regarding the organization's rights and responsibilities policies.
- Receive information about UnitedHealthcare, our services, network doctors and health care professionals.
- Be informed about, and refuse to participate in, any experimental treatment.
- Have coverage decisions and claims processed according to regulatory standards, when applicable.
- Choose an Advance Directive to designate the kind of care you wish to receive should you become unable to express your wishes.

Your Responsibilities as a UnitedHealthcare Member

- Know and confirm your benefits before receiving treatment.
- Contact an appropriate health care professional when you have a medical need or concern.
- Show your ID card before receiving health care services.
- Pay any necessary co-payment at the time you receive treatment.
- Use emergency room services only for injuries and illnesses that, in the judgment of a reasonable person, require immediate treatment to avoid jeopardy to life or health.
- Keep scheduled appointments.
- Provide information needed for your care.
- Follow the agreed-upon instructions and guidelines of doctors and health care professionals.
- Participate in understanding your health problems and developing mutually agreed-upon treatment goals.
- Notify your employer of any changes in your address or family status.

Access to Virtual Visits and prescription services may not be available in all states or for all groups. Go to myuhc.com for more information about availability of Virtual Visits and prescription services. Always refer to your plan documents for your specific coverage. Virtual Visits are not an insurance product, health care provider or a health plan. Virtual Visits are an internet based service provided by contracted UnitedHealthcare providers that allow members to select and interact with independent physicians and other health care providers. It is the member's responsibility to select health care professionals. Care decisions are between the consumer and physician. Virtual Visits are not intended to address emergency or life-threatening medical conditions and should not be used in those circumstances. Services may not be available at all times or in all locations. Members have cost share responsibility and all claims are adjudicated according to the terms of the member's benefit plan. Payment for Virtual Visit services does not cover pharmacy charges; members must pay for prescriptions (if any) separately. No controlled substances may be prescribed. Other prescriptions may be available where clinically appropriate and permitted by law, and can be transmitted to the pharmacy of the member's choice.

The health care reform law requires the coverage of certain preventive services, based on your age, gender and other health factors, with no cost-sharing. The preventive care services covered are those preventive services specified in the health care reform law. UnitedHealthcare also covers other routine services, which may require a co-payment, co-insurance or deductible. Always refer to your plan documents for your specific coverage.

Disease Management programs and services may vary on a location-by-location basis and are subject to change with written notice. UnitedHealthcare does not guarantee availability of programs in all service areas and provider participation may vary. Certain items may be excluded from coverage and other requirements or restrictions may apply. If you select a new provider or are assigned to a provider who does not participate in the Disease Management program, your participation in the program will be terminated. Self-Funded or Self-Insured Plans (ASO) covered persons may have an additional premium cost. Please check with your employer.

Tips to make your doctor's visit worthwhile

Before your appointment:

- 1 Make a list of all questions you have for your doctor, nurse or pharmacist.
- 2 Write down medications you are currently taking, including prescriptions, over-the-counter medicines and herbal supplements.
- 3 Plan to bring a family member or friend to your visit if you have a hard time remembering what your doctor tells you.

During your appointment:

- 1 Tell your doctor if a family member has been diagnosed with a serious disease or condition. Also mention if you have or will be traveling outside the country.
- 2 Ask your doctor at every visit to send any laboratory tests to a network facility.
- 3 Before you leave, make sure you can read and/or understand your doctor's or pharmacist's instructions. If you don't, it's okay to ask them to explain again.
